Name \_\_\_\_\_

Email \_\_\_\_\_

Current Institution \_\_\_\_\_

Undergraduate Student     Graduate Student  
 Postdoc     Early Career Researcher     Other

Please respond to the questions below and submit (1) this form along with (2) your responses and (3) a recent resume or CV to [scipol@duke.edu](mailto:scipol@duke.edu) no later than March 15, 2018.

Applicants interested in scholarships or arranging course credit with their universities should apply **no later than March 1, 2018**.

Please submit a 100 – 300 word response to each of the following questions.

#### QUESTION #1

*What personal, professional or academic experiences have driven your interest in the nexus of science and policy?*

#### QUESTION #2

*What do you hope to learn from participation in the Science Policy Summer Institute? How does this fit with your larger career and academic goals?*

#### QUESTION #3

*What do you think are three of the most pressing challenges facing the field of science policy in the forthcoming decade?*

### CURRICULUM + PRACTICUM

The Duke Science Policy Summer Institute consists of a 4-week intensive curriculum followed by an optional 6-week policy project practicum. In this practicum, students may be assigned to work on producing policy briefs, memos, and analyses for Duke SciPol or external clients.

#### I wish to participate in:

the 4-week intensive course (May 29 - June 22)

the optional 6-week policy practicum (June 25 - August 3)
