Become a HUANG FELLOW

For first-year STEM students

This highly selective program will help you develop your science in the context of its policy and ethical implications.

INFO SESSION:
Thursday, November 19, 1:30 - 2:30 p.m.
North Building, 232
RSVP: scienceandsociety@duke.edu

PROGRAM INCLUDES:
- Year-long Programming
- Publishing Opportunities
- Mentorship By Other Fellows
- Summer Science or Policy Lab Placement
- Summer Science Symposium
- Summer Seminar Series

The Huang Fellows Program is designed to foster a community of accomplished undergraduate scholars who will be well prepared to serve as leaders in science and biomedical professions.
