What are the ethical issues of pursuing eradication rather than elimination or control?

In July 2015, Nigeria, the last endemic country in Africa, celebrated one year without a single case of wild poliovirus type 1.

Is global polio eradication closer than ever? What are the challenges that continue to undermine polio eradication efforts in Nigeria?

Dr. Muhammad Pate, the former Minister of State for Health in Nigeria, and a visiting scholar at the Duke Global Health Institute, will discuss his work to eradicate polio in Nigeria.
